

Certified Advanced Administrator Exam

Overview:

The Certified Advanced Administrator exam is designed to certify students on the skills and knowledge needed to administer, tune, and troubleshoot a MicroStrategy implementation involving MicroStrategy Intelligence Server, MicroStrategy Web, MicroStrategy Administrator, and MicroStrategy Enterprise Manager. Students will be tested on concepts covered in the four courses of the MicroStrategy Advanced Administrator Track through a written exam. An instructor will proctor and grade the exam. Students who pass this exam attain MicroStrategy Certified Advanced Administrator status.

Cost:

- US\$200 per exam

Number of Days:

- 1 day (administered on a MicroStrategy Testing Day)

Who Should Attend:

- MicroStrategy Administrators
- Project Managers
- Consultants
- Anyone interested in becoming a MCEP (MicroStrategy Certified Engineering Principal)

Prerequisites:

- MicroStrategy Intelligence Server Tuning & Advanced Administration (2 days)
- MicroStrategy Web Administration & Tuning (1 day)
- MicroStrategy Administrator (1 day)
- MicroStrategy Enterprise Manager Essentials (1 day)

Topics:

- Written Exam
- Exams Graded by Instructor

Certification Criteria

- 75% to pass, 85% to pass a retake

Testing Day Language Policy:

Any non-native English speaking student who needs to use a *language dictionary* during a MicroStrategy Certification exam must arrive at least *15 minutes* prior to the start of a Testing Day so the instructor can examine the dictionary. Only language dictionaries without any writing within them (with the exception of a student's name) will be allowed. Sharing of language dictionaries is strictly prohibited.
