

MicroStrategy Engine Specialist Exam

Overview:

This exam is designed to certify students on the skills and knowledge needed to interpret MicroStrategy Engine SQL, manipulate VLDB properties, and model and design warehouses for complex requirements. Students will be tested on concepts covered in the SQL Essentials, Engine Essentials, Engine Tuning & VLDB Properties, and Advanced Data Warehousing courses through a written exam. An instructor will proctor the exam. Students who pass this course attain MicroStrategy Certified Engine Specialist status.

Cost:

- US\$200 per exam

Number of Days:

- 1 day (administered on a MicroStrategy Testing Day)

Who Should Attend:

- Project designers
- Report developers
- Consultants
- Anyone interested in becoming a MCEP (MicroStrategy Certified Engineer Principal)
