

## MicroStrategy Certified Web SDK Specialist Exam

### Overview:

This exam is designed to certify students on the skills and knowledge needed to build customized Web applications using the MicroStrategy Software Development Kit (SDK). Students will be tested through a written exam on concepts covered in the MicroStrategy Web Interface Designer Track. Students will be tested on how to change the look and feel of the MicroStrategy Web interface, as well as how to integrate MicroStrategy BI content within a portal using the URL API. An instructor will proctor the exam. Students who pass this course attain MicroStrategy Certified Web SDK Specialist status.

### Cost:

- US\$200 per exam

### Number of Days:

- 1 day (administered on a MicroStrategy Testing Day)

### Who Should Attend:

- Consultants
- Web Application Developers
- Anyone who is interested in becoming a MicroStrategy Certified Developer (MCD)
