Except as otherwise specified in the applicable Order Form, all User subscriptions shall automatically renew for additional periods equal to the expiring subscription term or one year (whichever is shorter), unless either party gives the other notice of non-renewal at least 30 days before the end of the relevant subscription term. The per-unit pricing during any such renewal term shall be the same as that during the prior term unless We have given You written notice of a pricing increase at least 60 days before the end of such prior term, in which case the pricing increase shall be effective upon renewal and thereafter.

10.3 A party may terminate this Agreement for cause: (i) upon 30 days written notice to the other party of a material breach if such breach remains uncured at the expiration of such period, or (ii) if the other party becomes the subject of a petition in bankruptcy or any other proceeding relating to insolvency, receivership, liquidation or assignment for the benefit of creditors.

10.4 After your subscription terminates, We shall have no obligation to maintain or provide You any of Your Data and shall unless legally prohibited, delete all of Your Data in Our systems or otherwise in Our possession or under Our control.

Also, You agree and we agree to disclose confidential information only to those employees or agents who have a need to know and are required to protect it against unauthorized disclosure. Nothing shall prevent either party from disclosing the terms or pricing under this agreement or orders submitted under this agreement in any legal proceeding arising from or in connection with this agreement or disclosing the confidential information to a federal or state governmental entity as required by law. Upon termination of this Agreement and except for electronic copies made in the course of normal network backups, the Receiving Party shall promptly destroy or return, at the sole discretion of the Disclosing Party, all Confidential Information of the Disclosing Party in its possession or control.
