PERENNIAL EDUCATION PASSES (PEPs)

The successful implementation and deployment of any project is dependent on the knowledge and skills of those implementing. Empower your workforce, facilitate enterprise success, and stay up to date with our quarterly software enhancements – create project success with the help of a PEP.

The value of a PEP

- Unlimited access to courses through online instructor-led training, self-paced online learning, and classes at MicroStrategy training centers
- Tests to assess your understanding for each course
- MicroStrategy platform certifications to validate your mastery and skills

The best value in MicroStrategy education

The Perennial Education Pass (PEP) is a 12-month user subscription that provides unlimited access to our comprehensive course catalog. PEPs are priced at $3,500 per user.

- You decide which courses are right for your organization
- Stay updated or advance your skills with our quarterly course updates and new course additions
- Learn at your own pace
- Validate knowledge with exams and certifications

FIND OUT MORE

Our teams will work with you to provide the right Education offering. To find out how to get started, talk with your Account Executive or contact the Education department directly at education@microstrategy.com.
