

## **MicroStrategy Completes \$1.05 Billion Offering of Convertible Senior Notes Due 2027 at 0% Coupon and 50% Conversion Premium with Bitcoin Use of Proceeds**

TYSONS CORNER, Va., February 19, 2021 — MicroStrategy® Incorporated (Nasdaq: MSTR) (“MicroStrategy”) today announced the closing of its previously announced offering of 0% convertible senior notes due 2027 (the “notes”). The aggregate principal amount of the notes sold in the offering was \$1.05 billion, which includes \$150 million aggregate principal amount of notes issued pursuant to an option to purchase, within a 13-day period beginning on, and including, the date on which the notes are first issued, which the initial purchasers exercised in full on February 18, 2021 and which additional purchase was also completed today. The notes were sold in a private offering to qualified institutional buyers in reliance on Rule 144A under the Securities Act of 1933, as amended (the “Securities Act”).

The notes are unsecured, senior obligations of MicroStrategy. The notes do not bear regular interest, and the principal amount of the notes does not accrete. The notes will mature on February 15, 2027, unless earlier repurchased, redeemed or converted in accordance with their terms. Subject to certain conditions, on or after February 20, 2024, MicroStrategy may redeem for cash all or a portion of the notes at a redemption price equal to 100% of the principal amount of the notes to be redeemed, plus accrued and unpaid special interest, if any, to, but excluding, the redemption date, if the last reported sale price of MicroStrategy’s class A common stock has been at least 130% of the conversion price then in effect for a specified period of time ending on the trading day immediately before the date the notice of redemption is sent.

Holders of notes may require MicroStrategy to repurchase their notes upon the occurrence of certain events that constitute a fundamental change under the indenture governing the notes at a repurchase price equal to 100% of the principal amount of the notes to be repurchased, plus any accrued and unpaid special interest to, but excluding, the date of repurchase. In connection with certain corporate events or if MicroStrategy calls any note for redemption, it will, under certain circumstances, be required to increase the conversion rate for holders who elect to convert their notes in connection with such corporate event or notice of redemption.

The notes are convertible into cash, shares of MicroStrategy’s class A common stock, or a combination of cash and shares of MicroStrategy’s class A common stock, at MicroStrategy’s election. Prior to August 15, 2026, the notes are convertible only upon the occurrence of certain events and during certain periods, and thereafter, at any time until the second scheduled trading day immediately preceding the maturity date.

The conversion rate for the notes is initially 0.6981 shares of MicroStrategy’s class A common stock per \$1,000 principal amount of notes, which is equivalent to an initial conversion price of approximately \$1,432.46 per share. This represents a premium of approximately 50% over the last reported sale price of \$955.00 per share of MicroStrategy’s class A common stock on The Nasdaq Global Select Market on February 16, 2021. The conversion rate is subject to adjustment upon the occurrence of certain events.

MicroStrategy estimates that the net proceeds from the sale of the notes will be approximately \$1.03 billion, after deducting the initial purchasers’ discounts and commissions and estimated offering expenses payable by MicroStrategy.

MicroStrategy intends to use the net proceeds from the sale of the notes to acquire additional bitcoin.

The notes were sold to qualified institutional buyers pursuant to Rule 144A under the Securities Act. The offer and sale of the notes and the shares of MicroStrategy's class A common stock issuable upon conversion of the notes, if any, have not been and will not be registered under the Securities Act or the securities laws of any other jurisdiction, and the notes and any such shares may not be offered or sold in the United States absent registration or an applicable exemption from such registration requirements. The offering of the notes was made only by means of a private offering memorandum.

This press release shall not constitute an offer to sell, or a solicitation of an offer to buy the notes, nor shall there be any sale of, the notes in any state or jurisdiction in which such offer, solicitation or sale would be unlawful under the securities laws of any such state or jurisdiction.
