

MicroStrategy 2019™:

The Platform for the Intelligent Enterprise™

HyperIntelligence™

Answers that find you.

MicroStrategy 2019 introduces HyperIntelligence—a new category of analytics that imbues every word, object, place, room, and wall with zero-click, personalized intelligence.

Make every app HyperIntelligent™:

Web

Email

Productivity apps

Enterprise systems

Discovery data tools

MicroStrategy 2019™ is the industry's first and only platform for Federated Analytics, Transformational Mobility, and HyperIntelligence. It is an open and comprehensive offering —delivering Modern Analytics on an Enterprise Platform— designed to help make every enterprise a more Intelligent Enterprise.

Request a free, two-day pilot to see how HyperIntelligence can work for you.
